

## Bilag 8 Prosedyre for avrop ved parallelle rammeavtaler

For delkontraktene angitt nedenfor er det inngått parallell rammeavtale med inntil 7 leverandører. Leverandørene er rangert etter plassering i konkurransen, hvor den høyest rangerte leverandør er hovedleverandør. Valg av produkter fra leverandør med lavere rangering enn hovedleverandør vil kun skje når særskilte medisinskfaglige vurderinger av behandlende lege tilsier dette, eller at hovedleverandør ikke kan levere aktuelt produkt.

Følgende leverandører er tildelt parallell rammeavtale i angitt rangert rekkefølge:
