

Nordic Choice Hotel's action plan regarding the Corona virus

The safety of our guests and employees is our top priority, and all hotels within Nordic Choice Hotels follow all recommendations and directives from the National Health Services (NHS) at all time.

If a situation occurs where we are suspecting a guest or an employee has a Corona infection, we will follow the instructions and recommendations from the National Health Services. In addition, our security partner will assist locally and advise the hotel management.

Whether there is an employee with Corona virus, or a guest, we will follow the advice from NHS, and will determine the proper actions in collaboration with the person and the authorities.

Quarantine will be used in cases where that is recommended by the NHS, or the local management.

The safety of our guests and employees is our top priority and all hotels in Nordic Choice Hotels follow a central action plan if a suspected infection occurs.

All General Managers are provided with extensive and detailed information on how to act if a situation occurs.
